Our Purpose

This seminar was designed for all professionals associated with or those working directly in the funeral industry.

The seminar coordinators worked arduously to involve presenters with interesting topics that effect mortuary owners and employees.

We feel the benefits of this seminar are two-fold; to be presented with information for your profession and to receive continuing education units for your portfolio.

We invite you to join us as funeral professionals from across the southern region to share knowledge, ideas and wisdom.

Direction

I-85 South toward Montgomery/Columbus Exit 66, (Flat Shoals Road) to Shannon Parkway, turn left, (building on left) proceed to make a U-turn at Portsmouth Dr.
