David H. Jones
Georgia Funeral Service Practitioners
55 South Alexander ST.
Toccoo, GA 30577

Dear David ,

On behalf of the Georgia Legislative Black Caucus (GLBC), thank you for your kind sponsorship our 2018 Heritage Dinner on February 22, 2018 at the (\$1,500.00) level, marking 150 years since the founding of our caucus. Because of the contributions of Georgia Funeral Service Practitioners students will continue to gain incredible exposure through our internship program and continue their pursuit of higher education through our scholarship.

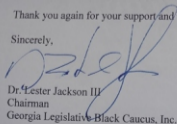

One of the best examples of this is our current Executive Director, Anré Washington, who is the youngest in the history of the GLBC and a product of this internship program. Alumni of this program are in every corner of the country as attorneys, elected officials, lobbyist, business people, and much more.

Because of your support the GLBC will continue to bring the confluence of politics, policy and our rich heritage to encourage civic participation from young African Americans in Georgia. This is only the beginning; your gift has only just begun to give back.

We are grateful for your support and want to partner with you beyond the Heritage Dinner. In the coming weeks and months we will be reaching out about ways we can invite you to engage with students, legislators, and our constituents.

Thank you again for your support and we look forward to partnering with you in the future.

Sincerely,

Dr. Lester Jackson III
Chairman
Georgia Legislative Black Caucus, Inc.
